No similar event has ever aroused so much enthusiasm as the carnival of sports and entertainment which the Aldermen have planned for the Journal's Monument Fund. The reports received by Alderman Burrell show that it will be a phenomenal success. Offers of help come from every quarter of the city. His colleagues in the Board are working with him very earnestly, and social and political clubs in every section of the city are nightly adopting resolutions agreeing to co-operate with the committee.

It is the desire of the contributors that this amount be added to your fund to erect a monument to the heroes who may die m the present war, and the gallant men who were slaughtered with the Maine in the harbor of Havana.

It is the hope of this lodge that you may be emineatly successful in building a monument which will forever bespeak the heroism of the fallen men, and be a lasting tribute to the Maine martyrs. Yours truly, E, M. PALMA,

MANY NEW NOVELTIES.

In Addition to "Battle of Manila" Other Patriotic Features Will Be Added.

MANY new and interesting fireworks novelties are being prepared by Pain, the fireworks king of Manhatan Beach, for the New York Journal's Naional Monument night, next Tuesday night. Of course the great spectacular masterpiece will be "The Battle of Maniln," or "Dewey's Victory," but Pain promises to introduce a number of special features to do honor to the heroes who have fallen on Cuban battlefields and the martyrs of the Maine.

The present war is giving Pain, the fa-mous inventor of startling spectacles, ideal opportunities to make use of his vast experience in producing elaborate and colors sal exhibits. There are over twenty ships in full action in the battle of Manila. Each ship is a faithful reproduction of the originals engaged in the conflict.

Pain's stage area covers more than 800 feet, which enables him to produce magnificent spectacular displays, showing the ter rors of paval warfare as it really exists. At the regular meeting of the Melchisedec Lodge, No. 206, I. O. B. B., of Waterbury, Conn., I was directed to send you a check for \$6.50, which was subscribed by our members to your menument fund.

We keenly regret that the amount tailed with the send of the first presentation on the Journal's National Monument night. Expert seemle art is and theatrical property makers are using every endeavor to zet this new spen tacle ready for next Tuesday night. tacle ready for next Tuesday night.

There will also be many fireworks nevel ties. A lot of new aerial bombs showing magnificent spectacles of colored fire in the heavens. The proprietor of a hotel in Pennsylvania says . "I have suffered for ten years from what physicians called dyspepsia. It made no difference what I ate, it lay heavily on my stomach, kept me belching for hours, and then it became very sour. I spent many dollars with different doctors, getting occasional relief, but the same old thing would come back again. A veterinary surgeon at Hatboro, Montgomery Co., Pa., advised me to take Ripans Tabules. After taking them three or four days I was very much relieved. To-day I can say I am cured, as I can eat anything and feel good. They are the only thing that ever gave me permanent relief."
